## Help me find my reindeer!

### Dear Boys and Girls:

When I crash-landed my sleigh at Bayou Bend, Rudolph stayed with me, but the eight tiny reindeer ran off in all directions. Now they are all over the gardens, and I need your help to find them!

Each deer is wearing a name collar. When you find a deer, circle its name on the list. If you find all 8, show your list to one of the workers at the Art-Making table in the Sleigh Circle area. They will give you a "Reindeer Wrangler" sticker to thank you for your help!

Santa

### The 8 lost reindeer:

**Dasher**

**Prancer**

**Comet**

**Donner**

**Dancer**

**Vixen**

**Cupid**

**Blitzen**
